

GLADSTONE AREA WATER BOARD

Offline Storage Facility and
Standby Pump System

July 2018

Neighbour's Project Update

Thursday 26 July, 5pm, Golding Site Office

RSVP: bkasper@gawb.qld.gov.au or 4976 3000 by 5pm 25/07/18

Pump Station

The pump station (building) is complete, with the fit-out of electrical components progressing to schedule. Finishing works around the pump station, including fencing, are also progressing to schedule.

Storage

The water storage has commenced a slow fill, with approximately 10 mega litres per day being released from the reservoir. When filled from the main supply from Awoonga Dam, the storage will be filled at a rate of 350 litres per second.

Road Works

The first bitumen seal for the Cuppitt / Skyring Hill / Meyer Road intersection is complete, with

the second and final seal and line markings to be finalised in August 2018.

Neighbour's Project Update

The next Neighbour's Project Update will be held at the earlier time of 5pm to allow any interested neighbours the opportunity to view the top of the dam wall before sunset. ***Golding's has offered to host the update at their site office*** at the entrance to the construction site; car parking is available adjacent to the buildings.

PPE requirements will be relaxed for the duration of the visit, but neighbours are asked to ***please wear flat enclosed shoes***.
