

## **MEDIA RELEASE**

### **Fire ban at Lake Awoonga recreational facilities**

In accordance with the current local fire ban, the Gladstone Area Water Board (GAWB) is reminding all residents and visitors that the ban also applies to all Lake Awoonga recreational areas.

GAWB has limited the use of all enclosed barbecue's at Ironbark Gully, Riverston and Boynedale Bush Camp recreational areas and will advise when the fire ban has been lifted.

Please refer to the Rural Fire Service website for updates regarding bushfires in the region.

Nothing is more important than the health and safety of our community.

**Ends.**
